SECTION - I

INTRODUCTION

1.1 Background

1.1.1 Andhra Pradesh Industrial Infrastructure Corporation Limited (APIIC) incorporated on September 26, 1973 is the premier organization in the State of Andhra Pradesh, vested with the objective of providing industrial infrastructure through the development of industrial areas. APIIC is a wholly owned undertaking of Government of Andhra Pradesh (GoAP). APIIC is the nodal agency notified by GoAP to develop specified mega infrastructure projects/clusters including SEZs. As such, the role of APIIC is that of a facilitator for mega infrastructure projects/cluster apart from Industrial Parks developed on its own.

The Authority intends to appoint a consultant for carrying out Environmental & Social Impact Assessment (ESIA) studies and obtain the Environmental Clearance (EC) MoEF&CC and Consent for Establishment (CFE) from APPCB for the overall Industrial Park NAKKAPALLI, Visakhapatnam in an extent of 1746.22 Ha (4315 Acres)

1.1.2 This RFP (Request for Proposals) document is applicable to only the Consulting Firms having National Accreditation Board for Education and Training (NABET) accreditation from Quality Council of India (QCI) under **Category 'A' and Activity 7 (C)** (hereafter referred as Bidders). The RFP document can be downloaded from the website www.apiic.in.

1.1.3 The amendments/clarifications if any to the RFP document will be communicated by displaying on the Authority's website: www.apiic.in.

1.1.4 The interested bidders who have already accredited by NABET (under Category 'A' and Sector 7 (C)) for this purpose may submit their offer (bid) for consideration by the Authority along with bid processing fee (non-refundable) of Rs.5000/- (Rupees Five Thousand only) plus applicable GST @ 18% (i.e., Total amount = Rs. 5900/-) in the shape of Demand Draft drawn in favour of APIIC Ltd payable at Vijayawada. Bids received without enclosing non-refundable processing fee as stipulated will not be considered for evaluation and such bids will be rejected. The Authority is not responsible for the postal delay, if any occurred, in reaching the bids to the Authority in the stipulated date and time. Authority also reserves the right to accept/reject any or all bids without assigning any reason thereof.

[REQUEST FOR PROPOSAL]

1.2 Brief Description of Bidding Process

- 1.2.1 The documents provided by the Authority pursuant to this RFP as modified, altered, amended and clarified from time to time by the Authority with the purpose of facilitating bidders to submit their bids and thereby enabling the Authority in the selection of a successful bidder for the assignment collectively are termed as the "Bidding Documents".
- 1.2.2 The Bid/Proposal shall be valid for a period of not less than 180 days from the Proposal Due Date (the "PDD"). In exceptional circumstances, prior to the expiry of the original proposal validity period, the Authority may request the firms to extend the period of validity for a specified additional period. The request for the extension shall be made in writing. However, Firms will not be permitted to modify their proposals submitted already.
- 1.2.3 The Authority has adopted a two stage selection process (collectively the "Selection Process") in evaluating the Proposals comprising technical and financial bids to be submitted in two separate sealed envelopes. In the first stage, a technical evaluation will be carried out as specified in Section 2.19.4 & 2.19.5 of RFP. Based on this technical evaluation, a list of short-listed applicants shall be prepared. In the second stage, a financial evaluation will be carried out as specified in Section 2.19.6 of RFP. The Financial Proposal of the eligible and technically qualified proposals will only be opened for consideration under QCBS evaluation. Proposals will finally be ranked according to their combined technical and financial scores as specified in Section 2.19.7 of RFP (Quality and Cost Based System (QCBS) of evaluation in the ratio of 70:30 (70% technical and 30% financial). The first ranked Applicant shall be selected for negotiation (the "Selected Applicant") while the second ranked Applicant will be kept in reserve.

SECTION - II INSTRUCTIONS TO BIDDERS

2.1 General Terms of Bidding

- 2.1.1 The Bidding Process and manner of carrying out the assigned job shall be governed by, and construed in accordance with, the laws of India and the Courts at Vijayawada shall have exclusive jurisdiction over all disputes arising under this assignment.
- 2.1.2. No Bidder shall submit more than one Bid for the Project.
- 2.1.3. The statements and explanations contained in this RFP are intended to provide a fair understanding to the Bidders about the assignment to be carried out by the selected bidder and should not be construed or interpreted as limiting in any way or manner the scope of services and obligations of the consultant set forth in the documents or the Authority's rights to amend, alter, change, supplement the scope of work or the terms thereof or herein contained before submission of the bids. The bidders are expected to carry out their own surveys, investigations and other detailed examination of the Project before submitting their Bids. Consequently, any omissions, conflicts or contradictions in the Bidding Documents are to be noted, interpreted and applied appropriately to give effect to this intent, and no claims on that account shall be entertained by the Authority.
- 2.1.4. The bidder consultant shall keep all the information pertaining to this assignment CONFIDENTIAL and shall not provide/disclose any information of the assignment to anybody except on specific instructions from the Authority.
- 2.1.5. This RFP is not transferable.
- 2.1.6. Any condition or stipulation by the bidder other than contained in the RFP shall render the Bid liable for rejection as a non-responsive Bid.
- 2.1.7. The Bid and all communications in relation to or concerning the Bidding Documents shall be in 'English' language.
- 2.1.8. Notwithstanding anything contrary in this RFP, the detailed terms specified in the draft Agreement shall have overriding effect; provided, however, that any conditions or obligations imposed on the Bidder hereunder shall continue to have effect in addition to its obligations under the Agreement.

Prior to opening of Financial Bids, the Authority shall determine whether each Bid is responsive to the requirements of this RFP the responsiveness will be tested by checking whether the:

- (a) Bid is received within specified time

[REQUEST FOR PROPOSAL]

- (b) Bid security as specified in is provided as instructed.
- (c) Non Refundable bid processing fee is provided.
- (d) Bid does not contain any condition or any other stipulations by the bidder
- (e) Bid is contains all the items listed and as per the specified format

2.19.3. The Authority reserves the right to reject any Bid which is non-responsive and no request for alteration, modification, substitution or withdrawal shall be entertained by the Authority in respect of such Bid.

2.19.4. **Evaluation Criteria:** The points earmarked for evaluation of technical bids would be as follows.

[REQUEST FOR PROPOSAL]

S.No	Particulars	Max Marks	Criteria
1	Approach & Methodology	10	Marks shall be awarded based on the quality of approach and methodology proposed by the applicant. The firms experience in getting ECs for large scale integrated industrial infrastructure projects also need to be covered.
2	Relevant Experience of Applicant	50	Marks will be awarded based on the overall capability of the firm, experience of similar completed assignments.
2a	Project experience in undertaking ESIA studies and obtaining ECs in last 5(Five) years i.e from FY 2012-13 to PDD	40	10 (Ten) marks for each completed assignment (ESIA study & getting EC) of any Industrial Parks/Estates/SEZ under Project/ Activity 7(C) Category "A", upto a maximum of Fourty(40) marks.
2b	Experiance of the applicant	10	One Mark per each year(Max. 10 Marks)
3	Relevant Experience of the key personnel	40	Key personnel having desired educational qualification and No. of years experience shall be considered.Each Key personnel will be eligible for marking(as below) once he/she meets the minimum specific experience for eligibility stipulated in Clause 2.1.9(E).
3a	Environmental Expert & Team Leader	12	The CVs the staff members qualifying minimum criteria shall be evaluated as per following. Experience of Eligible Assignments: - 2 marks for each eligible assignment.
3b	Environmental Modelling(Impact Prediction) Specialist	08	
3c	Water Pollution (Control) Specialist	08	
3d	Ecology & Biodiversity Expert	06	
3e	Social Expert	06	
	GRANT TOTAL(1+2+3)	100	

[REQUEST FOR PROPOSAL]

2.19.5. Only those Applicants whose Technical Proposals score is 60 marks or more out of 100 shall be ranked as per score achieved by them, from highest to the lowest technical score (ST). In the second stage, the financial evaluation will be carried out as per this Clause 2.19.6. Each Financial Proposal will be assigned a Financial Score (SF) as specified in Clause 2.19.6.

2.19.6. For financial evaluation, the total cost (excluding GST) indicated in the Financial Proposal (Combined fee for Part A: Rapid ESIA Study (one season baseline environmental data) and EC & CFE; and Part B: Additional Fee for Comprehensive ESIA Study with additional Two (2) seasons baseline environmental data other than monsoon season) will be considered.

The Authority will determine whether the Financial Proposals are complete and unconditional. The cost indicated in the Financial Proposal shall be deemed as final and reflecting the total cost of services. Omissions, if any, in costing any item shall not entitle the Consultant to be compensated and the liability to fulfil its obligations as per the TOR within the total quoted price shall be that of the Consultant. The lowest Financial Proposal (FM) will be given a financial score (SF) of 100 marks. The financial scores of other proposals will be computed as follows:

$$S_F = 100 \times F_M / F$$

(F = amount of Financial Proposal)

2.19.7. Proposals will finally be ranked according to their combined technical (ST) and financial (SF) scores as follows:

$$S = S_T \times T_w + S_F \times F_w$$

Whereas, S is the combined score, and T_w and F_w are weights assigned to Technical Proposal (70% weightage) and Financial Proposal (30% weightage) that shall be 0.70 and 0.30 respectively.

To facilitate evaluation of Bids, the Authority may, at its sole discretion, seek clarifications in writing from any Bidder regarding its Bid.

2.20. Contacts during Bid Evaluation

Bids shall be deemed to be under consideration immediately after they are opened and until such time the Authority makes official intimation of award/rejection to the Bidders. While the Bids are under consideration, Bidders and/or their representatives or other interested parties are advised to refrain, save and except as required under the Bidding Documents, from contacting by any

[REQUEST FOR PROPOSAL]

means, the Authority and/ or their employees/ representatives on matters related to the Bids under consideration.

2.21. Post Evaluation

- 2.22.1 After selection, a Letter of Award (the “LOA”) shall be issued, by the Authority to the Selected Bidder. The Selected Bidder in turn has to conclude an agreement with the Authority within the stipulated time duly furnishing the performance security in the shape of Bank Guarantee for an amount as specified in the LOA. If the selected bidder fails to conclude the agreement with the Authority within the stipulated period, the Authority shall forfeit the Bid Security of such Bidder as Damages and the next Highest Bidder may be considered.
- 2.22.2 The Bid Security of unsuccessful Bidders will be returned by the Authority, without any interest, as promptly as possible on signing of agreement between Authority and the Selected Bidder or when the Bidding process is cancelled by the Authority, or on expiry of bid validity period of 180 days whichever is earlier.
- 2.22.3 The Selected Bidder’s Bid Security will also be returned, without any interest, upon signing the Agreement.
- 2.22.4 **Performance Security:** The selected bidder has to furnish performance security in the shape of irrevocable Bank Guarantee obtained from any Nationalised Bank valid upto contract period and extendable upto suitable period as assessed by the Authority as per the format enclosed, for the amount equivalent to 10 % of total bid amount (Combined fee for Part-A & B services) on receipt of LoA and before concluding the agreement with the Authority. This Bank Guarantee will be returned to the consultant after completion of assignment in all respects.

SECTION - III SCOPE OF WORK

3.1 Objective

The Consultant shall carryout Site Screening, Coordinate with Consultant appointed by APIIC for Integrated Master plan & Designs while preparing the Pre-feasibility Report, carryout Environmental & Social Impact Assessment (ESIA) studies with baseline Environmental monitoring initially for One (1) Season other than monsoon season (Three (3) seasons in case of comprehensive ESIA study), and Environmental Management Plan (EMP), Risk Assessment & Disaster Management Plan (DMP) etc., as needed for obtaining Environmental Clearance (EC) from MoEF&CC and CFE from APPCB for the proposed **INDUSTRIAL PARK NAKKAPALLI, VISAKHAPATNAM DISTRICT**. The broad outline of scope of work to be carried out by the consultant is outlined below. This need not be complete / exhaustive. The consultant bidder is excepted to render the complete services as specified by MoEF&CC from time to time so that the objective of obtaining Environmental Clearance (EC) and Consent For Establishment (CFE) subsequent to according Environmental Clearance for the **INDUSTRIAL PARK NAKKAPALLI, VISAKHAPATNAM DISTRICT** is achieved.

The Consultant shall carry out the studies duly referring the Technical Guidance Manual for Industrial Estates, Approved Terms of Reference (ToR) / Standard ToR provided (as the case may be) by the Ministry of Environment, Forest & Climate Change (MoEF&CC), GoI for Industrial Estates (under Category 'A' and Project/ Activity 7 (C)), including all its proposed infrastructure components and other applicable guidelines for preparation of ESIA/EMP report for Project/ Activities required for Environment Clearance for **INDUSTRIAL PARK NAKKAPALLI, VISAKHAPATNAM DISTRICT** from MoEF&CC, APPCB and other relevant authorities.

3.2 Form 1, ToR and Pre feasibility Report

- a) Form - 1 application
- b) Preparation of draft Terms of Reference (ToR) for carrying out ESIA study
- c) Coordinate effectively with Master Planning consultant, Review/finalisation of Prefeasibility report as per MoEF&CC prescribed format (including alternate site analysis) for submission along with Form-1 & Draft ToR.
- d) Submission of above documents to MoEF&CC & coordinate/follow ups with MoEF&CC for earliest EAC Meeting Schedule.

[REQUEST FOR PROPOSAL]

- e) Presentation on the above and attending Expert Appraisal Committee (EAC) meeting for ToR approval at MoEF&CC.

3.3 Generation and Analysis of the Baseline Environmental & Social Data:

Baseline Environmental Status in respect of different environmental & social components would be determined. Generation of Environmental Baseline Data within 10 km radius or more (study area) as specified by MoEF&CC of the proposed **INDUSTRIAL PARK NAKKAPALLI, VISAKHAPATNAM DISTRICT** shall be carried out. The number of monitoring stations/sampling locations, total number of samples, list of parameters, sampling period and frequency for each activity for generation of environmental baseline data shall be done as stipulated in approved ToR/Standard ToR (as the case may be). The monitoring locations shall be identified scientifically keeping in view of the guidelines of MoEF&CC as well as site specific sensitive aspects. Past and existing data/information as may be available from various sources shall be collected, compiled and analyzed. Local enquiries shall also be undertaken to obtain the relevant details. A field monitoring/study programme shall be prepared and submitted to the Authority prior to initiation of monitoring.

- a) Submit the details of the land use break-up for the proposed project. Details of LU analysis around 10 km radius of the project site (study area) shall be carried. Analysis should be made based on latest satellite imagery for land use with raw images. Check on flood plain of any river/streams, if any.
- b) Assessment of the present status (baseline data) of Meteorology, Air, Noise, Water (both Surface & Groundwater) , Soil/Land, Land Use/Land Cover, and Biological Components of Environment including parameters of Human interest (Socio-Economic & Health conditions) within the project impact area as per regulatory requirements considering the project site and its surrounding features, Primary surveys for Flora & Fauna (Bio diversity aspects), natural hazards etc. The environmentally/ecologically sensitive locations such as such as National parks, Wild Life Sanctuaries and Reserve Forests etc. shall be mapped w.r.t. the project site and study region.

3.3 Sampling and Analysis:

Generation of Environmental Baseline Data within 10 km radius or more as specified by Competent Authority from the proposed **INDUSTRIAL PARK NAKKAPALLI, VISAKHAPATNAM DISTRICT** The number of stations, total number of samples, list of parameters, sampling period and frequency for each activity for generation of environmental baseline data shall be is as follows:

3.3.1 Air Environment

- a) Installation of meteorological station (one location) for continuous monitoring of meteorological parameters using Automatic weather monitoring station at proposed **INDUSTRIAL PARK NAKKAPALLI, VISAKHAPATNAM DISTRICT** and collection of meteorological data viz., wind speed & direction, humidity, temperature, cloud cover and rainfall.
- b) Monitoring of existing status of ambient air quality by using GPS to get accuracy in the project impact area. The sampling frequency and monitoring shall be as ordered by the competent Authority (MoEF&CC).
- c) Identification, quantification and evaluation of other potential emissions if any, within the impact zone.

3.3.2 Noise Environment:

- a) Monitoring of noise levels within the study area. The frequency of sampling and monitoring period shall be as directed by the Competent Authority.
- b) Prediction and evaluation of impacts due to rise in noise levels arising out of the proposed project on the surrounding environment.
- c) Recommendations on mitigation measures for noise pollution during construction and operation phases.

3.3.3 Water Environment:

- a) Monitoring of ground and surface water resources within the study area to be collected and analyzed for various physical, chemical parameters as directed by competent Authority for the proposed **INDUSTRIAL PARK NAKKAPALLI, VISAKHAPATNAM DISTRICT**.
- b) Recommending available advanced technologies for treating waste water and to discharge into Marine.
- c) Preparation of Water & Material balance diagrams for Projects/Components.
- d) Recommending the facilities to be taken up in the **INDUSTRIAL PARK NAKKAPALLI, VISAKHAPATNAM DISTRICT** by the individual unit and/or as common facilities for waste collection, treatment, recycling and disposal (all effluent, emission and refuse including MSW, and hazardous wastes) etc.
- e) Recommending suitable locations for rain water harvesting pits/structures such as Dykes.

3.3.4 Biological Environment:

Vegetation pattern shall be identified based on literature survey and primary field investigations. A list of flora and fauna of terrestrial & Aquatic ecosystem within the study area shall be prepared. Endangered and dominant plant species area shall be identified and listed out. Flora and fauna in project area shall be assessed through field observations and also information collected from available secondary data sources.

Flora and Fauna:

Flora and fauna in study area shall be assessed and Floral Diversity and Species Inventory Sampling of vegetation will be done using selected samples of 10 m x 10 m belt transects for tree species, 5 m x 5 m quadrates for shrub species and 1 m x 1 m quadrates for herb species.

Faunal Diversity and Species Inventory:

Inventory of animal species will be prepared based on following methodology:

- Direct observation during field visits
- Interviewing local villagers and forest officials
- Secondary sources such as published literature on fauna

Bio-diversity index and relative abundance index of different types of flora shall be established. Number of good old trees, tree cover in different areas shall be established. Canopy cover of trees in different areas shall also be established.

The environmentally/ecologically sensitive locations such as such as National parks, Wild Life Sanctuaries and Reserve Forests etc., shall be mapped w.r.t. the project site and study region.

The impacts on ecology shall be assessed and measures shall be suggested for minimizing impact.

3.3.5 Land Environment:

- a) Studies on soil characteristics by collecting soil samples at proposed IP for analyzing physical-chemical parameters, as per the norms / guide lines of MoEF&CC.
- b) Impact identification on land use pattern.

3.3.6 Socio –Economic and Health environment

- a) Primary data shall be collected within the project site to assess the project affected families/structures etc and mapped in coordination with master planning consultant.

[REQUEST FOR PROPOSAL]

- b) Collection of socio economic data in the project impact area such as infrastructure resource base , economic resource base, health status, cultural and visual attributes etc at the study area..
- c) Projection of anticipated changes due to the project and delineation of measures to minimize the impacts.
- d) Assessment of places of historical/ archaeological importance in the project impact area.
- e) Assessment of economic benefits to the society and environment.

3.4. Environment Impact Assessment (EIA) and Environment Management Plan (EMP)

- a) Impact identification, prediction and Evaluation for Construction and Operational Phases of **IP** for all environmental attributes.
 - Being an integrated project, Impacts shall cover external as well as internal infrastructure proposed for the project.
 - Air Quality model studies in case of emissions anticipated from proposed **IP**. Noise modelling using standard models and other impact predictions.
- b) Preparation of Environmental Management Plan (EMP) including monitoring and mitigation measures & cost estimates.
- c) Hazard identification, Risk Analysis & Assessment and Disaster Management Plan including Emergency evacuation plan during natural and man-made disaster.
- d) Legal Framework for implementation of Environmental Clearance conditions and Study Grievance Redressal Mechanism exists at APIIC and recommend modifications if any.
- e) Preparation of Draft ESIA report as per approved ToR/Standard ToR (as the case may be) duly keeping in view of applicable guidance manuals of MoEF&CC.
- f) Preparation of Executive Summaries in English and Telugu languages for Public Hearing.
- g) Coordinate with APPCB officials, APIIC Zonal Office and other departments during the public hearing process including notification/advertisement issue, coordinating meeting arrangements with APIIC Zonal office, assist APIIC during prior consultations with local representatives if any for ensuring smooth conduct of the public hearing etc.
- h) Preparation of presentation to be given in public hearing.
- i) Attending Public Hearing including delivering Speech in Telugu during Public Hearing regarding ESIA studies
- j) Preparation of draft responses for public hearing minutes

[REQUEST FOR PROPOSAL]

- k) Preparation of Final ESIA report
- l) Preparation of Environmental Appraisal Questionnaire
- m) Preparation of presentation to be given to MoEF&CC
- n) Presentation & Technical Assistance during EC approval meeting at MoEF&CC

3.5 Social Impact Assessment (SIA) and Resettlement and Rehabilitation (R&R) action plan

The focus of SIA is to identify and study the local population likely to be affected by the project either directly or indirectly and undertake a primary survey. The scope of the study in particular includes but not limited to the following:

- a) Identification of key social issues associated with the proposed project and specifies the project's social development outcomes;
- b) Assessment of potential social and economic impacts both during the construction phase and in the operation phase;
- c) Review of policies, acts, regulations and other provisions that related to resettlement and rehabilitation of project affected people and other social issues;
- d) Social screening of various project components and likely impacts in terms of land taking (loss of houses, livelihood, etc.), and resultant involuntary resettlement and provide inputs (in terms of magnitude of impacts and likely costs for mitigation) in preparing appropriate mitigation plans duly keeping in view of prevailing Government of Andhra Pradesh (GoAP) Land Acquisition Acts and Rules.
- e) Screening of the social development issues in the project area and its vicinity and design the social services that may be provided by the project in order to improve the quality of life and achieve the projects economic and social goals;
- f) Updating the profile of the population and available infrastructure facilities for services in the project affected area
- g) Stakeholder consultation on matters relating to project design, objectives, and implementation and provide specific recommendations to avoid/minimize high social risks;
- h) Screening of the social development issues in the project area and its vicinity and accordingly design the social services that may have to be provided by the project in order to improve the quality of life;

[REQUEST FOR PROPOSAL]

- i) Identification of likely loss of community assets (e.g. school, community assets) including the religious structures and common property resources (e.g. forest, grazing land) the impacts of their loss on the local population;
- j) Assessment of the capacity institutions and mechanisms for implementing social development aspects of the project implementation including the social safeguard plans and recommend capacity building measures; and,
- k) Developing the monitoring and evaluation mechanism to assess the social development outcomes;
- l) Preparation of Corporate Social Responsibility (CSR) plan covering detailed description and cost estimates as per MoEF&CC guidelines.
- m) Preparation of R&R plan as per prevailing Acts/Rules/Regulations.
- n) CRZ studies & clearance , Marine studies for treated waste water discharge into marine outfall. CRZ map indicating HTL and LTL demarcated by an authorized agency.**
- o) If any other mandatory studies for CRZ clearance& Marine outfall for obtaining Environmental Clearance for Pharma Cluster.**

BOTH EIA & SIA STUDIES SHALL BE COMBINED AND PRESENTED IN A SINGLE REPORT AS ESIA REPORT AT ALL STAGES.

3.6 Consent for Establishment (CFE)

The consultant shall prepare all the necessary documents including filing of applications through Industries Single Desk portal, Appraisal questionnaires etc. as required for obtaining the CFE for implementation of the project.

The consultant should coordinate with APPCB and be available during the field visit made by APPCB. The consultant shall provide all the necessary technical assistance while obtaining the CFE.

The consultant shall make the presentation and appraise the project before the CFE committee for approval.

[REQUEST FOR PROPOSAL]

SECTION IV TERMS AND CONDITIONS

- 4.1 All the tasks related in obtaining prior Environmental Clearance (EC) & CFE for the proposed **INDUSTRIAL PARK NAKKAPALLI, VISAKHAPATNAM DISTRICT** would be in accordance with procedure laid down in Environment (protection Act) 1986, EIA notification 2006 and amendments thereon issued by MoEF&CC. The scope of work is discussed at **Section-III** in addition to the following:
- a) Effectively coordinate with Master planning consultant appointed by the Authority for all required details and report such as PFR, DPR/Master planning Report etc. as required from time to time for timely completion of studies and obtaining environmental clearances (EC & CFE).
 - b) Collection of Baseline data based on various factors and CPCB guidelines. Site screening study of ESIA based on the TOR approved by competent Authority and suggested EMP, study of alternatives, sites etc.
 - c) ESIA study shall also include all necessary external infrastructure linkages as the project is an integrated project.
 - d) Transportation Management Plan.
 - e) Quarry & Burrow Area management plan
 - f) Power point presentation before the committee at different stages of appraisal of project.
 - g) Supply of required number of documents for Environmental Public Hearing/consultation, including defending the Authority during Public Hearing/consultation
 - h) Any other which is required for obtaining EC & CFE
 - i) The Consultant has to submit/upload the documents to be submitted to AP-PCB/MoEF&CC.
 - j) The Consultant has to attend this office whenever required by the APIIC.
 - k) The services of consultant will be treated as complete only after such services carried out by the Consultants are approved by Authority and accepted by the Competent Authority. Work shall be completed by the Consultants according to the time schedule in the RFP. The works throughout the stipulated period of contract shall be carried out with due diligence.
 - l) In the event of the Consultant's firm closing its business or failing to complete balance work within reasonable time, the Authority will have the power to employ any other agency to complete the work at the cost of the original Consultant.
 - m) In the event of the failure on the part of Consultant to complete their work, committing a breach of any one or more of the terms and conditions of the agreement, the Authority will be entitled to rescind this agreement without prejudice to its rights to claim damages or remedies under the law.

- n) The Consultants shall supply required number of copies of report and forms etc. from time to time that are needed in connection with the obtaining Environmental clearance & CFE without any additional cost to Authority.
- o) The consultant has to provide services for attending the services as per the approved TOR, related with this project, if ordered by the competent authority without any extra cost to Authority.
- p) The consultant has to do the Liaison with competent authority without any extra cost.

4.2 Stages of payment of consultancy fee:

The payment towards the consultation fee will be paid by the Authority to the consultant in the following stages/milestones for PART-A services (Rapid ESIA Study, EC & CFE) and at the specified percentage of total contract amount. The consultant has to furnish the invoice at appropriate stage of work to the Authority so as to make the payment.

S.No	Payment Milestone/Stage (PART-A Services)	Consultancy Fee (Part - A)
1	On Submission of Form-1 & Draft Terms of Reference (ToR) for ESIA Study to MoEF&CC	10%
2	On Approval of ToR by MoEF&CC	10%
3	On Completion of Base line Environmental Studies and Submission of Draft ESIA Report to APIIC	30%
4	On Completion of Public Hearing & Receipt of Minutes from APPCB	10%
5	On Submission of Final ESIA Report to MoEF&CC	15%
6	On receipt of Environmental Clearance (EC) from MoEF&CC	15%
7	On Receipt of Consent for Establishment (CFE) from APPCB	10%

In case Expert Appraisal Committee (EAC) recommends Comprehensive ESIA studies for the project, the payment towards the additional consultation fee will be paid by the Authority to the consultant in the following stages/milestones for PART-B services (Additional Fee for Comprehensive ESIA Study with additional Two (2) seasons base-line environmental data other than monsoon season, ESIA Report etc.) and at the specified percentage of fee for Part -B services. The consultant has to furnish the invoice at appropriate stage of work to the Authority so as to make the payment.

[REQUEST FOR PROPOSAL]

S.No	Payment Milestone/Stage (PART-B Services)	Consultancy Fee (Part - B)
1	On Completion of Additional Two Seasons Base line Environmental Studies and Submission of Draft ESIA Report to APIIC	40%
2	On Submission of Final ESIA Report to MoEF&CC	30%
3	On receipt of Environmental Clearance (EC) from MoEF&CC	30%

- The consultant shall make his own arrangements for all the equipment needed for conducting requisite sampling, tests at project site. The consultant shall have a valid insurance cover at least equal to three times of the agreement value.
- **INCOME TAX:** Income tax at the applicable rate as decided by Govt. of India from time to time will be deducted from the Gross amount of each bill.
- **SUBLETTING:** The assignment shall not be sublet either in full or partial to others or no transfer shall be made by power of Attorney authorising others to receive the payment on consultant's behalf. However, in case of Consultant has no Laboratory for baseline monitoring, a Laboratory/Agency (MoEF&CC accredited) for the same may be engaged by the Consultant with prior approval of Authority. The consultant is responsible for the adequacy & accuracy of the baseline data generated by such Agency during the ESIA study.

4.2.1 Deliverables and Time Schedule:

The following rate of progress will be required to be maintained by the consultant. The date of commencement of work is date of issuance of LoA by the Authority.

The consultant shall give separate time schedule for early completion of assignment with accelerated programme by taking parallel activities. It is imperative that the work progress well ahead of the rate of progress given below.

The period for completion of whole assignment is 12 (Twelve) months with the following milestones / deliverables (for RAPID ESIA Study i.e., Part-A services).

[REQUEST FOR PROPOSAL]

Sl.No.	No. of months from the date of issuance of LoA	Expected deliverables by the consultant
1	Within one (1) month	✓ Submission of Form-1, prefeasibility report, draft ToR for appraisal by EAC concerned at MoEF&CC.
2	Within Five (5) months	✓ Submission of Draft ESIA & EMP reports as per approved ToR/Standard ToR (as the case may be).
3	Within Eight (8) months	✓ Submission of Final ESIA report duly incorporating minutes of PH/ Consultation for appraisal by Committe (MoEF &CC)
4	Within Ten(10) months	✓ Obtaining Environmental Clearance from MoEF&CC
5	Within Twelve (12) months	✓ Obtaining CFE from APPCB subsequent to EC accorded by MoEF&CC

Note: In case of any delay in approval from MoEF&CC (ToR), public Hearing etc. suitable extension will be granted by the Authority.

In case of Comprehensive ESIA study, the Draft ESIA report with two additional seasons baseline data, impact prediction, evaluation etc. shall be submitted to APIIC within One (1) month from the date of completion of additional baseline monitoring.

Detailed programme (Activity Schedule) shall be prepared in the form of bar chart for various activities of assignment by the consultant keeping in view the total period allocated for the assignment which shall be approved by the authority.

The entire assignment shall be completed within the above period. The consultant shall pay liquidated damages to the Authority at the rate of 2% of contract amount per month subject to maximum of 10% of contract (bid) amount, if the assignment is delayed by the consultant without valid reasons. Authority will deduct the liquidated damages imposed if any from the payments due to the consultant from time to time considering the deliverables fixed for the consultant. Payment of liquidated damages does not affect / alter the consultant's liabilities.

However in case of delay in completion of task due to reasons beyond the control of the consultant, suitable extension of time will be granted by the Authority without any compensation to the consultant.
