The employment committed in M/s.Gunashree Power looms is 10 persons only. 3. - project implementation will be done by March, 2021.
5. In the project report, the allottee informed that the unit M/s.Ghunashree Powerlooms is proprietary in nature, but not partnership firm as informed in her request.
 6. In the project report, the allottee informed that the proposed unit's name is M/s.Ghunashree Powerlooms, but not M/s.Ghunashree Industries.
 7. As per the AP Industrial Development policy 2020-23 which is under implementation w.e.f 01-04-2020, APIIC land can only be given on lease basis. In this case the allottee is requesting for already resumed land on outright sale basis under the pretext of requesting for change of constitution and line of activity. Even though this plot allotment was made before 01-04-2020 the proposed project was not implemented and allowing this land allotment on outright sale basis would set a wrong precedent.

In this regard, as per the request of District Coordinator of DICCI, the Chairman of DIEPC ordered the plot Allotment Sub Committee members to study the case thoroughly and make suitable recommendation to DIEPC. Till then the issue is deferred.

Accordingly, the issue was placed before the Sub Committee meeting held on 12-01-2022 for taking a decision and the Plot Allotment Sub Committee has recommended for rejection of the proposal of Smt. B. Shoba Rani, for change of constitution & for change of Line of Activity.
