

::2::

- Gas pipeline infrastructure (wherever required )
  - Optical Fibre Cable (OFC) connectivity (wherever it is required )
  - Storm Water Drainage
  - ETPs / CETPs / STP (with required permissions & wherever it is required )
  - Street Lightning
  - Development of Green Belts /roadside arbori-culture
  - Entrance Gate(s) and park perimeter fencing to the extent possible
  - Common Facilitation Center (CFC)
- Under Pre-approved clearance for the entire Industrial park (including red-category products)
    - i. All Statutory clearances viz Layout Approval, Environmental Clearances (EC), Consent for Establishment & Operations, Fire NoC, Solid Waste Management etc., will be taken up by APIIC as mandated

At the outset of the above, APIIC obtains all requisite statutory approvals in the establishment of Industrial Parks and Plug & Play facilities from all the concerned authorities in Andhra Pradesh. Further, the remaining mandatory approvals for the establishment of the manufacturing unit are provided through AP Single Desk Portal., wherein the Information Wizard will assist the investors to identify the necessary approvals specific to business and shall provide details on their procedures with timelines applicable.
