4. INTRODUCTION AND BACKGROUND

4.1 INTRODUCTION

Andhra Pradesh is one of the most progressive, forward-looking and advanced states in the country when it comes to infrastructure development & employment generation efforts. Andhra Pradesh Industrial Infrastructure Corporation Limited (the “APIIC”), fully owned by the GoAP, is a progressive organization responsible for development of Industrial Infrastructure in the state of Andhra Pradesh. APIIC is known for creating landmark infrastructure projects in the state, which are fueling the economic growth in the state. APIIC has so far developed about 475 industrial parks/estates and created land banks for the future industrial development.

During the Covid-19 pandemic, it was realized that post bifurcation of the Andhra Pradesh, the state became deficient in tertiary healthcare sector as most of the multi/specialty hospitals were located in Hyderabad.

To overcome the said deficiency, APIIC has identified prime land parcels at multiple locations in Andhra Pradesh which would be handed over to Multi/Super Specialty Hospital Developers cum Operators free of cost provided that they commit the minimum investment threshold fixed by APIIC for that particular land parcel for which it chooses to bid so that it shall be handed over to the Developer on a free hold basis if it is the Selected Bidder.

The method of selection of the Selected Bidder is described in this RFP.

4.2 PROPOSED PROJECT

With above background, APIIC has planned for the development of a Multi/Super Specialty Hospital over a 2.02 acre land parcel located at Eluru Town, Eluru District which shall cater to the tertiary healthcare requirements of people settled in Eluru District primarily and people from neighboring districts as well by collaborating with the experienced private sector healthcare players. APIIC has decided to undertake the development of the Project through private sector participation by allotting the land on Outright Sale (ORS) basis and has decided to carry out the bidding process for selection of a private entity to whom the Project may be awarded as per the terms and conditions laid down in this Request for Proposal (“RFP”).
